A warm welcome to the 2018 Youth Ambassadors Program with Canada.

This exchange program, made possible by the United States Department of State, is designed to provide Canadian high school students and adult educators with a comprehensive three-week initiative committed to building knowledge and skills focusing on the themes of civic education, community service, the development of youth leadership and social inclusion.

The Youth Ambassadors Program with Canada is also dedicated to working collaboratively with Canadian youth on the design, construction, and implementation of follow-on service projects in their schools and communities.

On behalf of everyone engaged in the Youth Ambassadors Program with Canada for 2018, my deepest appreciation for participating in this important initiative!
